The re-certification program aims to provide opportunities for ERMA certification holders who cannot renew their certification due to several reasons and could not fulfil the number of Professional Development Units (PDU) points. This program is available to all ERMAP and ERMCP certification holders whose certificate validity period has expired.

The re-certification program through the Risk Beyond 2021 International Conference will be hosted virtually for four days from December 8-10, 2021.

Participants who are taking part in the conference for three days will be declared to have passed the ERMA certification program, and ERMA will reactivate their expired certification.
